We Represent

Aadi consulting FZE proudly represents **Elkay USA**, a 100-year-old Chicago based company; that is a global leader in F&B Design, decor and commercial interior systems - serving the world's leading brands and restaurant chains.

Our relationship with Elkay and Elkay Interior Systems (EIS) was established in 2018 and since then, we have represented them as a business and market development consultant in the MENA region.

Our Clientele

Our Services

Surveys

We guide businesses to achieve transformational changes, quantifiable results, and improved profitability with our efficient kitchen designs, Capex, Opex & Footprint reductions, retail design competencies and optimized project turnaround time gains from concept to completion.

Time, Cost, Footprint Reductions & Capex Optimization

We utilize specialized tools to generate designs & templates based on store volumes, facility types, sizes, locations, and demographics. We excel at simplifying designs with pre-engineered modular solutions, compact kitchen designs prioritizing efficient workflow, station setups etc with energy saving Opex solutions and lower life cycle costs.

Retail Delivery & Project Management

We provide a complete range of services comprising effective project management and site supervision by experienced professionals through project monitoring, documentation, interim payment certification, preparing punch lists and ensuring timely handovers well within the budgeted Capex.

Design Solutions

We provide complete comprehensive design services & integrate a range of reduction solutions whilst incorporating the latest retail design trends and advancements in the F&B space.

We specialize in the full range of architectural & kitchen drawings, 3D renders, MEP, HVAC, fire safety, specifications & estimations and submissions / approvals from landlords and other statutory bodies.
